About Me

Hi, I'm Faithful Anichukwu! I'm a Web Developer and Manager with expertise in WordPress, having successfully built and managed over 500 websites. I create high-performing, user-friendly, and SEO-optimized websites that help businesses grow and convert visitors into customers.

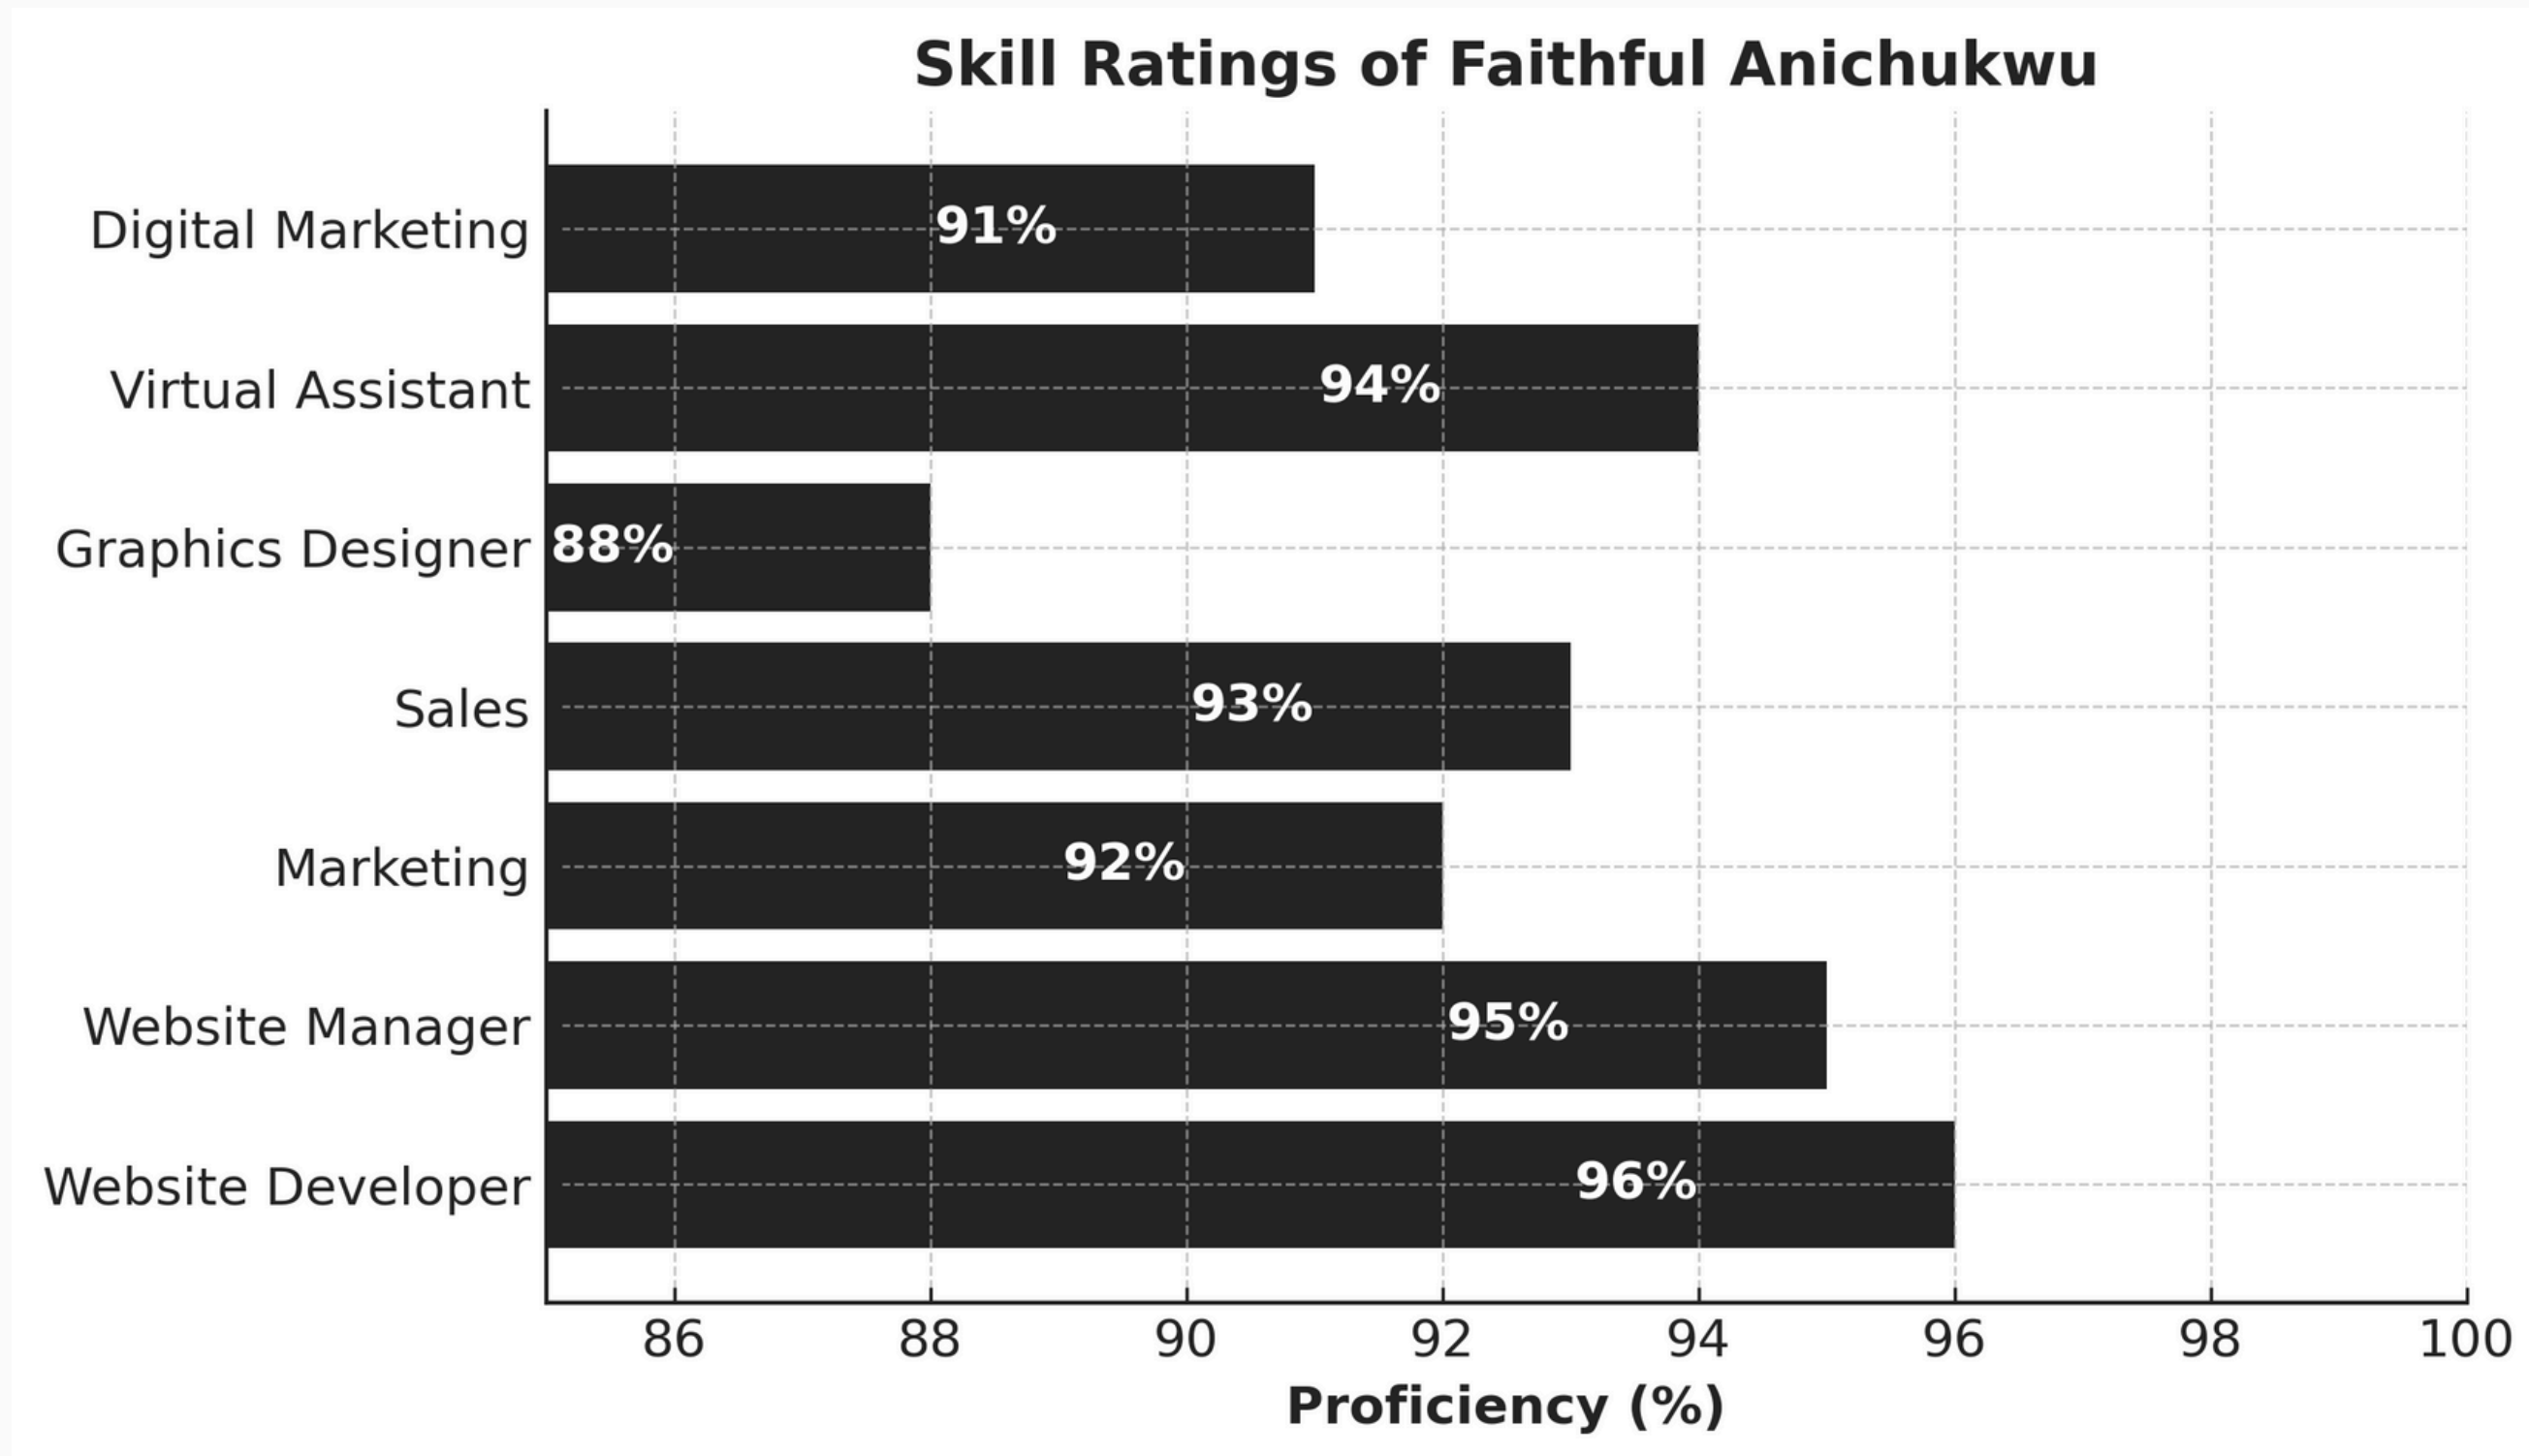

With over 20 years of experience in Sales and Marketing—especially in selling digital products—I develop strategies that drive revenue, brand awareness, and customer engagement. From content marketing to social media growth and online advertising, I help businesses scale effectively.

As a Virtual Assistant with 15+ years of experience, I handle data entry, email management, online research, scheduling, and customer service. I ensure smooth operations, efficient workflows, and seamless communication to keep businesses running at their best.

I also specialize in Graphics Design, crafting eye-catching visuals for brands, websites, and social media. Whether it's for marketing or branding, I create compelling designs that enhance engagement and make businesses stand out in the digital world. Let's work together to take your business to the next level!

Work Experience

Having worked with Jexel Tech, a leading firm in digital marketing, web development, and graphic design, has enabled me to achieve the following:

For over a decade, I have helped businesses establish a powerful online presence. I've worked with more than 500 clients on their website projects, designing, developing, and optimizing WordPress sites that drive traffic, generate leads, and increase conversions. My experience includes managing and maintaining websites for hundreds of clients, ensuring top-tier security, performance, and seamless functionality.

In the digital marketing arena, I've successfully executed over 120 projects, including email marketing, lead generation, social media campaigns, and customer engagement strategies. My expertise in marketing automation, precise audience targeting, and online sales strategies has consistently helped businesses scale and boost their revenue.

As a graphic designer, I have delivered more than 2,000 design projects, creating logos, banners, branding materials, and social media graphics that not only look stunning but also serve as strategic tools for enhancing brand identity and engagement.

My specialization extends to high-converting marketing and sales funnel strategies. I've constructed sales funnels that have significantly increased revenue for businesses, transforming casual visitors into loyal customers. My marketing tactics are data-driven, result-oriented, and customized for maximum ROI. You can explore my portfolio on my personal websites to see the tangible impact of my work.

The screenshot shows the WordPress 'Plugins' management page. At the top, there is a notification banner for SpeedyCache Pro, stating: 'Please Support Page or Post Duplicator! Your donations help us maintain and improve this plugin. Consider making a donation.' Below this, a message indicates: 'You are using an Older version of SpeedyCache Pro. We suggest you upgrade SpeedyCache Pro to be able to use SpeedyCache without any issue.' A green button labeled 'Set up your Akismet account' is visible, with the text 'Almost done! Configure Akismet and say goodbye to spam' next to it. The main area displays a list of installed plugins with columns for 'Plugin' and 'Description'. The first plugin listed is 'Akismet Anti-spam: Spam Protection', followed by 'All-in-One WP Migration', 'Backuply', and 'Backuply Pro'. Each plugin entry includes a checkbox, the plugin name, a brief description, and version information.

The screenshot shows the 'Tools' section of a cPanel interface. It is divided into several categories: 'Email', 'Billing & Support', and 'General Information'. The 'Email' section includes tools like 'Email Accounts', 'Email Routing', 'Mailing Lists', 'Track Delivery', 'Global Email Filters', 'Email Filters', 'Email Deliverability', 'Address Importer', 'Spam Filters', 'Encryption', 'BoxTrapper', 'Calendars and Contacts Configuration', 'Calendars and Contacts Sharing', 'Calendars and Contacts Management', and 'Email Disk Usage'. The 'Billing & Support' section includes 'View Email History', 'News & Announcements', 'Search our Knowledgebase', 'Check Network Status', 'View Invoice History', 'View Support Tickets', 'Open Ticket', 'Register New Domain', and 'Transfer a Domain'. The 'General Information' section displays details such as 'Current User: jexels0f', 'Primary Domain: jexels0f.com', 'Shared IP Address: 51.77.71.235', 'Home Directory: /home/jexels0f', 'Last Login IP Address: 37.19.199.145', 'User Analytics ID: 36a8737e-6854-459c-b629-77...', 'Theme: Jupiter', and 'Server Information'. A 'Statistics' section at the bottom shows 'Disk Usage'.

The screenshot shows the Visual Studio Code editor interface. The Explorer sidebar on the left displays a file tree for a project named 'samples.html - views'. The tree includes folders for 'admin', 'branch_staff', 'components', 'errors', 'partials', and 'templates'. Under 'components', several Blade template files are listed, including 'ajax-loader.blade.php', 'back.blade.php', 'confirmation-modal.blade.php', 'form-generator.blade.php', 'search-date-field.blade.php', 'search-form.blade.php', 'search-key-field.blade.php', 'transfer-bottom-menu.blade.php', 'view-form-data.blade.php', 'viser-form-data.blade.php', 'viser-form.blade.php', 'widget-1.blade.php', 'widget-2.blade.php', 'widget-3.blade.php', 'widget-4.blade.php', and 'widget.blade.php'. The main editor area shows the content of 'samples.html', which is an HTML document with a head section containing meta tags for charset, viewport, and title, and a body section with CSS styles for a navigation bar and content area. The code includes a `<meta charset="UTF-8">` tag, a `<meta name="viewport" content="width=device-width, initial-scale=1.0">` tag, and a `<title>Website Pages</title>` tag. The CSS includes a `body` style with `font-family: Arial, sans-serif;`, `margin: 0;`, `padding: 0;`, `text-align: center;`, and `background-color: #f4f4f4;`. A `.navbar` class is defined with `background-color: #333;`, `overflow: hidden;`, and `padding: 15px 0;`. A `.navbar a` class is defined with `color: white;`, `padding: 14px 20px;`, and `text-decoration: none;`. A `.navbar a:hover` class is defined with `background-color: #ddd;` and `color: black;`. The `.content` class is defined with `padding: 50px;`, `background: white;`, `margin: 20px auto;`, `width: 80%;`, `border-radius: 10px;`, and `box-shadow: 0px 0px 10px rgba(0, 0, 0, 0.1);`. An `img` tag is defined with `width: 100%;`, `max-width: 800px;`, `height: auto;`, `border-radius: 5px;`, and `margin-top: 20px;`. The code ends with `</style>`, `</head>`, and `<body>` tags.

Social media management?

The screenshot shows the Meta Business Suite interface for a page named 'Pets Escrow'. The page features a cover photo with the text 'Pets Shopping made easy' and a row of various pets. Below the cover photo, there are buttons for 'Create Post', 'Create ad', 'Create Reel', 'Create Story', and 'More'. A 'To-do list' section is visible, along with a 'Comments' section showing a comment from 'Thobias Carlos'. At the bottom, there is a 'Manage your marketing content' section with tabs for 'Planner', 'Posts and reels', and 'Stories'. The page also shows '151 followers' and '53 followers' on Facebook and Instagram respectively.

The screenshot displays the Meta Ads creation process. It includes a progress bar with steps: 'Choose objective', 'Create ad', and 'Customize delivery'. The 'Create ad' step is active. The interface shows a form for 'Create an engagement ad' with fields for 'Ad text (required)', '@ Only people you mention', and 'Media'. A 'Preview' section on the right shows a mobile device view of the ad, featuring a post from 'Lad Skill (Learn a Digital Skill)'. A 'Timeline' dropdown is also visible. A note at the bottom states: 'Published posts may appear differently than previews depending on your operating system and screen size.'

The screenshot shows the Buffer dashboard. The top navigation bar includes 'Create', 'Publish', 'Analyze', 'Engage', and 'Start Page'. The main area is titled 'All Channels' and shows a 'Queue' of 0 posts, 'Drafts' of 0, 'Approvals' of 4, and 'Sent' of 61. A central message states 'No posts scheduled' with a '+ New Post' button. A 'Complete your setup' progress bar is visible at the bottom right, showing 3 of 4 steps completed: 'Create your Buffer account', 'Connect your first channel', and 'Publish your first post'. The 'Channels' list on the left includes 'All Channels', 'faithfulnichukwu', 'iamfaithfulni', and 'Faithfulnichukwu'.
